

EXTRA ADDENDUM

To certificate: 2237334

FLEXIT B.V.

Zaalbergweg 9
2314 XS Leiden

This certificate is valid as from 8 September 2023. Recertification activities were completed on 7 April 2023. The audit started before the expiry date of the previous certificate, which is 12 March 2023.

After completion of the recertification activities, the certification process contains several formal steps before a certification decision can be taken. These steps could not be completed before the expiry date of your previous certificate. However, DEKRA is obliged to issue the new certificate with the current date of the certification decision, which is 8 September 2023.

In the meantime, the certification cycle has been restored and the validity of the certificate is extended until 1 November 2025.
